

MUSKIES, INC.

mission is to work for the promotion and protection of a high-quality muskellunge sport fishery in North America,

accomplished by supporting good conservation practices based on sound scientific merit that is carried out by authorized state or federal agencies, appropriate academic institutions, or local chapters and their members.

A close working relationship with state and federal officials concerned with our natural resources has played an important role in our growth and success. Most chapters are involved with fund-raising and promotional activities to provide monies for projects directed to the future of the muskie fishery. Often local chapters work hand-in-hand with their local DNR or conservation groups. A number of chapters continue to have the hands-on experience in rearing muskie fry and fingerlings and stocking them in local waters.

Enjoy the camaraderie of working with other muskie enthusiasts to help preserve this exciting sport. A Muskies, Inc. membership is the greatest bargain in fresh water fishing today!

Purposes of Muskies, Inc.

- To promote a high quality Muskellunge sport fishery;
- To support selected conservation practices based on scientific merit and carried out by authorized federal and state agencies;
- To promote Muskellunge research;
- To establish hatcheries and rearing ponds and introduce the species into suitable waters;
- To support the abatement of water pollution;
- To maintain records of habits, growth and range of species;
- To disseminate Muskellunge information;
- To promote good fellowship and sportsmanship among men, women and children.

Invites you ... to become a part of our international fellowship of anglers who enjoy fishing for the elusive, majestic muskie... a fish considered to be the most exciting of all fresh water species.

Join Muskies, Inc. The future of muskie fishing depends on it!

MUSKIES, INC.

is an active, service-oriented, non-profit organization for men, women and children with the single focus of improving the sport of muskie fishing everywhere the fish are found. Founded in 1966 by Gil Hamm, the original group of thirteen avid muskie fishermen concentrated on continual improvement of the muskie resource through rearing and stocking efforts and sound conservation practices.

Muskies, Inc. is widely recognized as the first organized group of sports anglers to espouse the

“Catch and Release” practice, now embraced by many conservation-minded groups throughout North America. Today

Muskies, Inc. focuses on three critical areas: Youth, Fisheries, and Research.

YOUTH – Muskies, Inc. provides guidelines and suggestions for quality programs and activities to educate our young members and, where possible, youth in general to ensure the future of the fishery.

FISHERIES – Muskies, Inc. works to conserve, protect and restore North America’s muskie fisheries. Areas of concern include habitat preservation, water quality, water management policies, and developing and maintaining self-sustaining fish populations.

RESEARCH – Muskies, Inc. continues to seek out, evaluate and fund research for local projects and activities involved in improving muskie fisheries.

By joining Muskies, Inc., you will become a member of one of our 50-plus independent local chapters throughout the country. Chapter meetings often include seminars featuring muskie guides, conservation authorities, tackle manufactures, or other fishing industry personalities to help members sharpen their angling skills and increase enjoyment on the water.

The Muskies, Inc. website, www.muskiesinc.org, includes muskie information as well as an on-line store. Members also have access to areas of the website that include bulletin boards; statistics that can be displayed by lures, lakes, time of year, etc.; special discounts on hotels and car rentals; and information from other chapters and members.

Each Muskies, Inc. household receives our monthly magazine, *Muskie*, featuring tips, techniques, and travel ideas, as well as product information, member photos, and local chapter and tournament reports. Stories and articles in *Muskie* are written by members for members, with information for new and experienced anglers alike. **Join Muskies, Inc. today!**
